

FRANZ MIEDERHOFF OHG

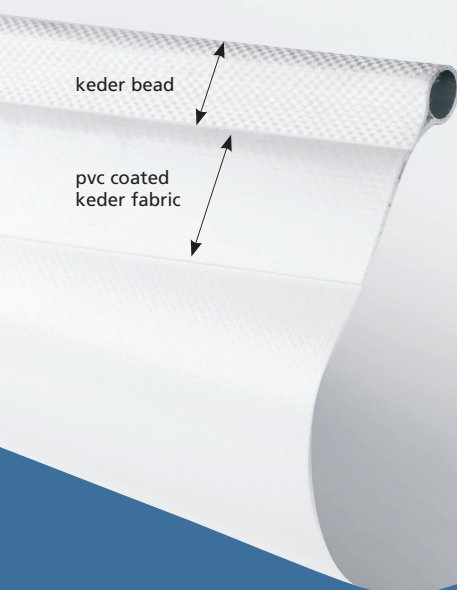

**Tentkeder
double-coated**

NEW

- | high quality double coated fabric
- | UV protected
- | weatherproof
- | flame retardant coating
- | ideal for HF welding

**NEU**

Tentkeder double-coated

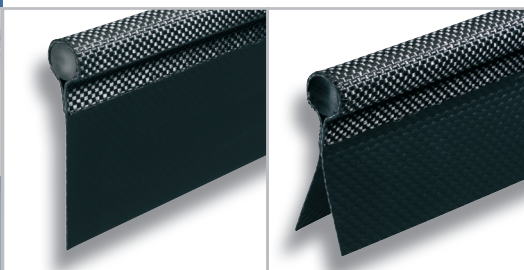

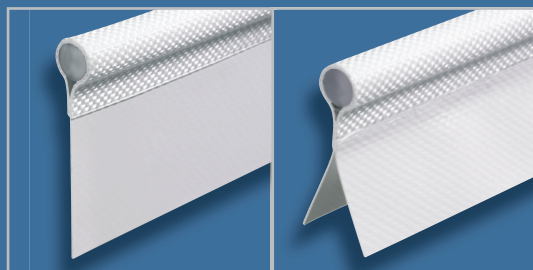

- | The advantage is the double coating around the keder bead.
- | The keder will not absorb moisture and reduces fading colour change and has a longer product/in service life.

 Tentkeder double-coated
R* = 4000 bis 4300 N
